

**... Quality legal services in the Aire Valley and beyond...**

## WALKER FOSTER *solicitors*

### Lights, Camera, Legal Action

Walker Foster have prided themselves on providing an excellent standard of service to their clients across the Aire Valley and beyond since 1919 and, with the introduction of Client Care TV, this innovative and forward thinking law firm prove themselves to be among the leaders in an ever changing market place.

A bespoke film production, filmed largely on location by Turner & Wagstaff Associates Ltd of Blackpool, plays on a large LCD screen in reception at three of their offices.

The easy to watch presentation allows waiting clients to put a face to a name before an appointment as well as giving them a greater understanding of the full range of services that Walker Foster can provide.

The film is also made available on interactive DVD, presented in an attractive wallet, enabling Walker Foster to reach existing and potential new clients in their home and workplace and will shortly be uploaded to their website at [www.walkerfoster.com](http://www.walkerfoster.com).

Walker Foster Solicitors remain dedicated to helping their existing clients as well as new individuals and organisations in their endeavours and they are justifiably proud to be the first solicitors in North & West Yorkshire to benefit from this new technology.

*"Communication with our Clients is of the utmost importance. It is vital that prospective and existing Clients are aware of our full range of services and of our pragmatic, cost-effective approach. We are proud to be the first law firm in North and West Yorkshire to embrace Client Care TV and we are confident that it effectively communicates who we are and what we do."*

Keith Hardington, Partner
